

May 26, 2011

Dear Community Partner,

HandsOn Northeast Georgia has been delighted to serve the Athens area for the last four years and is looking forward to many more!

In the last year,

- 10,021 volunteers registered on the site
- 164 agencies used the site to recruit volunteers
- 390 opportunities were registered
- 2,539 referrals were made to our partner agencies by volunteers
- 202 needed items were posted under NEGA Agency Needs
- 9,808 hours were logged on the site
- 33 large community events with 123 time slot opportunities were managed

We are so happy that your organization has been a part of this wonderful growth!

As we've previously discussed, in order to continue to best serve you and the community while maintaining our organizations financial vitality, we are implementing opportunities for your organization to partner with us in new ways. We appreciate the many partner agencies that provided input into the development of these levels of partnership. I am happy to speak with your or a representative of your agency at any time to discuss which option best fits your organizations needs.

I look forward to receiving your agency's registration form and appropriate payment by July 5, 2011.

In service,

Dawn Aiello
Program Director, Community Connection
